**Subject:** !! OPPOSE CAMINO REAL TERRACE PROJECT !!!

I strongly oppose the proposal for a project on the corner of Limonite and Camino Real. As a resident of that corner, I have significant concerns about the potential impact on traffic and the overall way of life in the area. I'm asking for city rejection of wakeland's proposal. Let's not forget why Jurupa Valley incorporated in the first place.

I'm not happy with high density housing creating more traffic in our lifestyle. Tranquility is what Jurupa Valley is about.
