Hi Maria

I'm a homeowner near the Camino Terrace Project I highly oppose this project and would ask the City to reject the Wakeland proposal Due to traffic, fire and property devalue

Thank you

Dear Maria,

I would like to let you know that I would highly reject the Wakeland's proposal of this project.

As a home owner near Comino Terrace area I would ask the city to reject this proposal due to the traffic, fires and property devalue.

Our infrastructure is already at its point of overloading ,Power Shortages, Roads, Markets, This added population will overload this area.

This is a single family home area. we do not need a high density housing project in this ares.
